

## WORCESTER OFFICE

### HOW TO GET TO US

#### By public transport

The rail stations in Worcester are Foregate Street and Shrub Hill. Both are some distance from the offices so a taxi is the best option. Bus travel is rarely a viable option.

#### By car

Leave the M5 at Junction 7 and take the A44 towards Worcester. After about 3/4 mile you will pass under a footbridge spanning the dual carriageway. At the next roundabout do a u-turn, and just before you reach the footbridge again, turn left into the site. The Natural England Offices in B Block are located in the middle of the site, and car parking is available nearby.

#### Disabled access

B Block is a single storey building and there are disabled car parking spaces adjacent to the entry door. Disabled toilet facilities are also readily available.

The Conference Room and Main Training Room have an induction loop fitted and a portable loop is available for Reception.
